Subject: Temporary and Emergency Adjustment of the National Network in Bertie County

Dear Mr. Sullivan:

This is to notify you of a temporary adjustment to the National Network in and near the Town of Windsor in Bertie County. This minor adjustment is due to construction activities in Windsor resulting from bridge 070014 over the Cashie River being replaced under federal aid project BRNHS-0017(35) (North Carolina project number B-4434) and, due to traffic channelization through the construction zone, trucks are unable to navigate turns at the intersection of US 17 and NC 308 at the bridge site. This temporary adjustment is in accordance with 23 CFR 658.23(c) and will move the National Network along US 17 Bypass north and west of Windsor, and will be effective until construction has been completed (currently estimated as March 1, 2012). If you have any questions or need additional information, please contact me at 919-773-2800.

Sincerely,

  
J. Kevin Lacy, P.E.  
State Traffic Engineer
